Dear Skip:

On behalf of the all-volunteer Board of Directors of the Blue Angels Foundation (BAF), thank you to Conrey Construction Co., Inc. for participating in the Blue Angels Foundation Annapolis event that will benefit the wounded veteran community. The 2019 Annapolis Invitational was another successful experience. We are honored that you attended the event, and we hope that we will have your continued support in our mission to assist the wounded veterans.

In 2018, the BAF raised over \$ 2,000,000. The Board's commitment is to turn these dollars around immediately and support our mission areas that include: transition housing, education, net working for employment, and the successful treatment of Post-Traumatic Stress. We are learning that if we can move the wounded veteran through this continuum of care then they have a greater opportunity to get back on track, to join a new "team", and develop a career in the civilian sector. More importantly, the resolution of PTS reduces depression and substantially decreases the risk of suicide.

As a nation, we lose 20 veterans to suicide EVERY DAY! To put this in context, since 9/11, 6,800 service members have been killed during 18 years of combat operations in Iraq and Afghanistan; and we lose more than 7,000 PER YEAR to suicide. The BAF is committed to raising awareness and funding to reverse this trend...our generous donors and sponsors are on a mission to SAVE LIVES! Your generous contribution will support BAF mission objectives. You can take great pride in knowing you are helping to support the wounded veteran's community and our nation at large, and your contribution may very well save a life!

The Board is grateful to your organization for the support, and we hope Conrey Construction, Co.,Inc. will continue to champion the BAF and its mission in the years to come. Our wounded veteran community needs us now more than ever. The line is long. Together the BAF "family" is making a difference. Please refer to the BAF website, blueangelsfoundation.org, for updates on key events and to stay abreast of the Foundation's activities. If you have questions, advice or suggestions, please call me any time at 770.402.8443.

Sincerely,

Mike Campbell
